

Submission Information

Return Samples to:

Wildwood Worm Counts, Wildwood, County Lane,
Albrighton, Wolverhampton, WV7 3AH.

Email: hello@wildwoodwormcounts.com

Phone: 07779 667798

A minimum of 4g is required for testing, equivalent to 6 to 8 adult faecal beans (in case further investigation or repeat testing is required).

Instructions for submission:

- Collect samples from individual animal (unless previously discussed)
- Collect samples that have been freshly excreted. This needs to be observed to ensure correct sample for each animal!
- Place the sample into container and fill pot as much as possible. Then place this into small sealable bag. Label the sample with the animal identification (name or number) and the date of collection.
- There is a comment box on the submission form if you have any particular concerns (e.g. recent weight loss, diarrhea, soft stool etc) If recently given anthelmintic please state what was used and when.
- Enter body condition score of the animal at the time of collection (using a scale of 1 to 5).
- Place all samples into envelope and try to keep as flat as possible (so package can fit through Royal Mail large letter guide) Include the submission form attached with your samples.

Sample Submission Form

**Return Samples to:**

Wildwood Worm Counts, Wildwood, County Lane,
Albrighton, Wolverhampton, WV7 3AH.
